## OBJECTIVE

Before taking myself into the IT world, my major was Economics Relation at Foreign Trade University. I known me of the old days struggled with stuffs unsatisfied myself. I made one of the most important decisions - being a Software Developer. Although It is quite late, but I believe with our hardworking there's nothing we cannot do.

## EDUCATION

### RMIT University

Major: Information Technology

June 2021 - Present

GPA: 4.0/4.0

### Foreign Trade University

Major: Economics Relation

August 2017 - April 2021

GPA: 2.16/4.0

## PROJECTS I HAVE DONE

### LeetCode and HackerRank Problem Solving

Java

June 2021 - Present

Use Java and Python to solve LeetCode or HackerRank problems. This is also my daily plan and hobby. I posted my journey on Github profile and keep doing that.
